MADE TO MEASURE ORDER FORM

&

MEASURING CHART

Name:	Phone:
Address:	
	Postcode:
Email:	

Please note: We do not make turnout or stable rugs onsite, there are just too many variations and types of fabric for a small business to keep in stock. However, we work with a number of trusted suppliers that specialise in non standard sizes enabling us to provide a rug to match your measurements.

Type of Rug	Summer Sheet		Medium 245g		Fleece		Fly Rug	
(please tick)	Summer Sheet Silky Lined		Heavy weight 300g		Hood/Neck Cover		Other	

Please give a full description of your requirements regarding colours, types of fittings etc and any special instructions. If you have entered 'other' please describe the item you require. Thank you

Please complete the measuring chart overleaf.

Once we are in receipt of your order we will contact you to discuss your choices and advise the cost and delivery date. If you are happy to proceed we will send an invoice for 50% (non returnable deposit) with the remainder due on completion

RUG MEASUREMENT

Only use a dressmakers tape in feet & inches. If you don't have one, let us know and we'll put one in the post.

1. Measure A to B in a straight line from the center of the horse's chest (where the top chest buckle would sit) around the shoulder, along the side of the belly to the furthest rear point of the rump where you expect the rug to finish. Do not measure around to the tail - this will add a good 3-4 inches and you will end up with a rug that is too big.
2. Measure C to D to get the depth (never below the knee).
3. Measure E to A to get the neck line

Enter Rug Measurement		
1.Measurement A - B :	2. Measurement C - D :	3. Measurement E - A:

NECK COVER MEASUREMENT

1. Measure around the throat B - B
2. Measure the neck length B - C (the finished neck cover will be longer)
3. Measure C - E

HOOD MEASUREMENT

1. Measure around the nose A - A
2. Measure from the nose up to between the ears A - B
3. Measure the neck length B - C
4. Measure the depth C - D
5. Measure around the neck C - E
6. Measure the distance from B to the top of where the eye hole should be
7. Measure the width & depth of the eye hole
8. If you require ears on, please measure from the base of the ear to the tip

Enter Neck Cover Measurements
